Items	Examples
Prevention of change and addition of authors	All of the authors jointly confirm the level of authorship: agree that author _____ is the lead author and authors _____ and _____ (someone with personal connections) are co-authors according to the authors' contribution rates.
Prevention of plagiarism and redundant publication	Table and figures are written by author _____. Author _____ confirms the novelty of the research by submitting the paper to an online plagiarism check. No plagiarism of any sentences or paragraphs is detected. (Any previous research used is properly credited.)
Prevention of plagiarism by using translations	The title of the paper, keywords, independent variables, hypotheses, and originality of the research model are confirmed. The Korean and English abstracts are written based on research results. No plagiarism found after the original Korean version is submitted to an online plagiarism test.
Prevention of research misconducts	The original data used for empirical analysis are well recorded. The sources of tables and figures are indicated.
Prevention of plagiarism by using salami/ segmented publication	The most similar previous research is (_____). The presentation of the idea is created by author _____ and author _____ supplemented the findings.

We confirm that all of the above is true.
